FOUR OF GROUP NABBED  
WHILE RIDING IN A  
STOLEN AUTO

Seven persons were arrested and lodged in the Putnam county jail Friday night by a state policeman, city officials and Town Marshal Cram of Roachdale.

State Trooper Keith Young, of the Putnamville post, overtook and stopped four young men in a stolen car at Mt. Meridian. They were brought to the jail at 7:40 p. m.

In this group were Garlan Woods, 20, Kenneth Squires, 19, Lloyd Stevens, 19, all of St. Louis, and Donald Phillips, 19, of Bernie, Mo.

The four were riding in a 1953 Chevrolet which was stolen last Tuesday in Piggot, Arkansas.

Charles Alfred Runyon, 56, Danville Route 3, was arrested in Roachdale by Marshal Carl Cram on a drunken driving charge and booked at the jail here at 11:15 p. m.

City police arrested Emerson Phillips, 22, Cloverdale, on a drunken driving charge and failure to have an operator's license.

They also arrested Thomas Joe Long, 23, Poland, for public intoxication. Both were lodged in jail at 1 a. m. Saturday.

## 3 Drivers Face Traffic Charges

City police arrested three drivers Friday, two for speeding and the third for failure to stop at a preferential street intersection.

Charles Glenn Jackson, Bainbridge and Aubrey Eubanks, city, were each charged with speeding on Bloomington street.

Chester O'Neal was charged with failure to stop at Washington street and the Zinc Mill road.

The three will appear in city court before Mayor Evan Crawley.

### MINISTER DIES

CRAWFORDSVILLE, June 12.—Funeral services for the Rev. Ulysses S. Ferguson, a minister of the Free Methodist church 69 years, who died at Indianapolis, were held at 1:30 p. m. today at the Free Methodist church in Attica. Burial was in Attica Riverside cemetery.

The Rev. Mr. Ferguson, a native of Illinois, served in the Wash Conference of the Free Methodist church during most of his ministerial career.

## 20 Years Ago HERE AND THERE

Mrs. Olive Dionne, young mother of the 17-day-old quintuplets, was reported seriously ill at North Bay, Ontario, by Dr. Dafeo, the family physician.

Mrs. Susie Bittles and Miss Mary Bittles were visiting in Kentland.

Mrs. Andrew Durham and daughter, Sarah Jane, left for Milford, Pa.

Miss Mary Lou Throop was visiting in Louisville, Ky.

## IN THE GOOD OLD DAYS

STORES DAMAGED—"Friday morning an attempt was made to blow up two drug stores in Belle Union with gunpowder. Both establishments were considerably damaged but not destroyed. The cause is supposed to have been an effort to get rid of the drunkenness in that locality, it being charged that both places are built little better than saloons, and that the most of the drinking which is causing so much trouble there is due to them. In such cases it would be better to resort to law than to gunpowder." (1882)

EATING REGULARLY—"G. H. Williamson and family visited St. Louis last week. Mr. Williamson found Bishop Bowman able to be about his room and eating six meals a day. He expects soon to recover his health sufficiently to visit Greencastle." (1882)

CITY COUNCIL—"J. McD. Hays offered a resolution to the effect that four members of the common council, and three citizens—T. C. Hammond or Jerome Allen, Thos. Bayne and J. C. Ridpath—be appointed a committee to go to a town in Ohio to investigate the working of the electric light." (1882)

BUSTLE FOUND—"Joe Shideler and George Jordan found a loaded bustle on Jackson Street last Sunday. It was ballasted with towels and napkins, and had the appearance of a new recruit in the service. There are two girls should learn before attacking bustles—be sure the fastenings are alright, and buckle it, darn it, buckle it tight, and if you feel her slipping don't blush and grab, but back up against a fence and hold her level. A bustle turned loose on the public streets is a dangerous thing. The bustle has been left at the office, and the owner can have it by calling and proving property. No charge for this notice." (1882)

LACKING COURAGE—"The following item was received from the Floyd Township correspondent in 1882.—"Our young ladies are beginning to want to know if there are any young men in this part of the world. They don't want to die old maids. If there are any boys, very few of them have courage enough to go a courting; the girls can't go, and wouldn't if they could, to see boys who haven't spunk enough to come to see them."

FILLMORE ITEM—"Mrs. Lawrence has moved out of her house to the Bridges' house on the corner. She heard her house would fall down. It is her intention to have it moved off of the railroad ground to a better foundation." (1882)

ROUND THE WORLD—"Dewitt C. Bridges of Bainbridge has just returned from a tour around the world, having left home June 23rd, last year, and returned Saturday, lacking only 12 days of consuming one year in the journey. The entire distance traveled was over 30,000 miles and the expense something over \$2,500. He is probably the only man in Putnam county who knows by actual experience that the world is round." (1882)

CIRCUS ROYAL—"The Circus Royal afforded the most insolent peanut vendors, the worst class of scheming swindlers, the poorest menagerie and altogether the thinnest show that ever visited Greencastle. Only a moderate crowd was in attendance and it required a herculean effort for them to pay their bills. Terre Haute was victimized on Monday." (1882)

## Young Has Won Control Of NYC

NEW YORK, June 12.—Robert R. Young has won his fight for control of the mighty New York Central Railroad by a margin of 1,070,000 shares, it was learned yesterday from an authoritative source who declined to be identified.

The results of the election are to be announced officially by the election inspectors at 9 a. m. (CDT) Monday at Albany, N. Y.

The official results will announce the election of Young's slate of 14 men and a woman to Central's board of directors, the source disclosed, unseating the old board headed by Central President William White.

Young thus ends 85 years of domination by the financial and family descendants of the last century's Jans, Cornelius Vanderbilt and J. Pierpont Morgan. The war for the Central was the biggest business struggle in a generation and the greatest victory Young ever scored in his career.

The 57-year-old, Texas-born financier began his attack by demanding Central's board chairmanship last February. When the Central board refused he launched a blistering attack against his old-time enemies—the "Wall Street bankers."

He never let up. He bought more stock, made more speeches and ran more newspaper advertisements. Young won running away.

It was the achievement of a long-stated ambition by the white-thatched little man with the twinkling blue eyes—once known as "the daring young man of Wall Street."

## NW CONFERENCE SENDS REQUEST TO STATE DEPT.

SEEK REASSURANCE THAT  
U. S. TROOPS WILL NOT  
GO TO INDOCHINA

Methodist of Northwest Indiana attending annual business sessions of the church here June 8-13 requested the "State Department to reassure the people of the United States that United States' military forces will not be sent to Indo-China without Congressional approval."

They also asked that there be no unilateral military action in any part of Asia by the United States. The action was taken through adoption of the report of the Board of World Peace during sessions Friday afternoon. The report solicited considerable conference debate but was only slightly changed in its final form.

The conference recognized that the "Viet Minh regime in Indo-China is Communist oriented, and that its victory would be interpreted throughout Asia as a Communist victory." It also recognized that a French victory in Indo-China would be interpreted throughout Asia "as a victory for western colonialism in Asia." In the light of this dilemma the conference made the above recommendation.

The conference also asked the State Department to "move toward a policy of non-military warfare against communism, relying upon economic aid to underdeveloped areas, increased reliance upon negotiation rather than threats of force, and a movement toward international control of atomic and hydrogen weapons of war." A full discussion in the United Nations was asked by the Methodists.

In speaking on the Point IV Program, the conference asked that "more dependence be placed on sharing skills than on cash outlays in the hope of winning people away from communism" and called upon Methodists to keep aware of possibilities and positive contributions inherent in the United Nations Organization.

Bishop Richard C. Raines, in the report of the Board of Temperance which was adopted Friday, told the conference, "We are all proud of the fact that Indiana took the lead in the 'home rule' movement which works to win back to the states authority and responsibility which has been concentrated in Washington. The \$12,000,000 hospital drive successfully completed in Indianapolis, with no government money, is one example. We should now apply this same home rule principle to control of the sale of alcoholic beverages. Why should people have no voice in determining whether or not liquor should be sold in their county?" he asked.

In symbolic services Friday morning, retiring men from the conference passed the torch to the incoming class and charged them with the responsibility of keeping the "fame of Christian faith alive."

Three men were granted the retiring relationship. They are Rev. Henry Deal, Valparaiso; Rev. W. C. Evers, Stockwell; and Rev. H. L. McBride, Wingate.

Eleven men were admitted to full membership in the conference. They are Glenn Hulbert, Lafayette; John N. Howell, Idaville; Loren T. Ridge, Ambia; Clyde Bachman, Rolling Prairie; Charles Sites, Cedar Lake; Ronald Gibson, South Bend; Roy Katayama, Veedersburg; William Farmer, Greencastle; James Morin, Indianapolis; Russell Richardson, Moran; and Lynn Garth, Gary.

A special study committee was set up by the conference to examine possibilities of merger with the North Indiana Conference, which lies to the East. The Indiana Conference is composed of that portion of the state which lies below Highway 40. The merger would combine the two conferences lying to the north of the highway.

In a special report to the conference Bishop Raines told of the way in which he had invested \$64,500 which Hoosier Methodists had given him on his last tour to Korea. Most of it had been contributed in the 1953 Christmas offering for the children of Korea.

Among the projects in which

he invested the money was an island "Days' Town" located off the coast of Pusan which will care for 500-1000 orphans. He asked Indiana Methodists to make the island a continuing Hoosier project.

Part of the money went for establishing the only free public school system in Korea which will use Methodist churches and preachers for class rooms and teachers. Other projects included training of teachers, scholarships, providing work for widowed mothers, dormitories for orphans, food for orphans and an amputee program.

## EXTRA!

LOS ANGELES, Calif., June 12.—(UP)—Secretary of State John Foster Dulles warned Friday night that the United States would fight alone in Southeast Asia, if necessary, in case an open Communist attack threatened U. S. security.

Dulles said the United States would "meet the issue squarely," in case of further Red Chinese aggression in Southeast Asia.

He said that although military moves by the Chinese Communists would be a "deliberate threat to the United States itself," this country would, as a matter of course, invoke United Nations procedures and consult its Allies before taking any action.

"But we could not escape ultimate responsibility for decision closely touching our own security and self-defense," he declared.

"This government wants peace and the American people want peace," Dulles said.

"But should there be openly launched an attack that the American people would clearly recognize as a threat to our security, then the right of self-preservation would demand that we—regardless of any other country—meet the issue squarely."

CHICAGO, June 12 (UP)—A flash fire roared through a four-story apartment building Friday night and Fire Chaplain William Gorman reported at least six persons were killed and seven others seriously injured.

LOS ANGELES, June 12 — (UP)—Vice President Richard Nixon escaped unharmed today when a drunk driver crashed into the car in which he was riding shortly after he arrived at Los Angeles International Airport.

The vice president arrived at 2:10 a. m. EDT today and was driving in a convoy not far from the airport when the accident occurred.

Police said the driver of the other vehicle crashed into Nixon's car, damaging the rear fender, and smashed broadside into one of two Secret Service cars accompanying the vice president. No one was hurt, police said. The driver, who was not immediately identified, was taken into custody.

PHOENIX, Ariz., June 12 — (UP)—A 41-year-old man picked up Thursday night by Phoenix police was identified Friday night by Mrs. Evelyn Ann Smith as the abductor who forced her into her car and obtained \$75,000 in ransom money before she was released to her husband.

Phoenix police identified the suspect as Daniel Joseph Marsin, Phoenix. Police Chief Chas. Thomas said Marsin would be held for investigation in the spectacular kidnapping Wednesday of the 23-year-old wife of a well-to-do Phoenix industrialist.

Marsin was arrested 2½ miles from the Superstition Mountain foothills where the ransom was paid.

Police said he offered no resistance and claimed he was a prospector looking for the Lost Dutchman gold mine.

Marsin would neither admit nor deny the kidnapping, police said.

WABASH, Ind., June 12 — (UP)—Betty Griffith, 11, drowned in the Wabash River while wading with three companions Friday. They said she developed a cramp in her leg and fell into the water. The body was recovered.

## JET FIGHTER CRASHES; FIVE PERSONS DEAD

TRAGEDY STRIKES AT BIG  
NAVAL BASE IN  
MEMPHIS, TENN.

MEMPHIS, Tenn., June 12.—(UP)—A new type, tailless jet fighter crashed into a building at the huge Millington Naval Base yesterday, killing five persons but missing 100 sailors who had just left the structure three minutes earlier.

The Navy identified the pilot as Lt. Robert Woolverton, 33 years old, USN, of Abilene, Kas. Another victim was Mrs. Elaine House Branch of Memphis, a civilian employee at the base, located 20 miles from here.

Lt. Cmdr. R. D. Aylor of Houston, Tex., was one of the eight persons injured in the crash. He suffered critical burns about his face, hands and legs.

Woolverton, a security officer with the Bureau of Aeronautics in Dallas, had just taken off for a practice flight when his jet crashed into the building. Flames quickly engulfed both the plane and the building.

The 106 men studying at the school had left for lunch three minutes before the twin-jet "Cutless" zoomed into the building during a warmup for a three-day air show which annually attracts thousands of visitors to Millington, headquarters for naval air technical training and home base for some 10,000 naval personnel.

The swept-wing Cutless was one of three such craft flown here for the demonstration. The planes can fly faster than 700 miles an hour, the point at which the sound barrier is cracked.

Navy officials canceled yesterday's air show program after the crash.

## It's Blackwood On Bridge

Sharp Defensive Play  
Brings Strategy Switch

Mr. Meek set Mr. Champion back on his heels with a beautiful defensive play in this hand. Mr. Champion was groggy but game. Shaking it off, he came back with a brilliant play of his own to wrap up three no trump. South dealer.

Mr. Meek opened the seven of spades and his partner's king held the trick. The jack of spades was returned and Mr. Champion ducked again. Mr. Meek overtook with the queen and led a third round of the suit. The ace won, a diamond went from dummy and Mr. Abel dropped a small heart.

Mr. Champion saw that he had five sure tricks outside of clubs. With entries to the board only in clubs, he planned to lead that suit and duck the first round into Mr. Abel's hand. This would give him four club tricks if the suit broke no worse than 4-2.

### FIXES THIS

But Mr. Meek loused up this plan very effectively. On the first club lead he went right in with the jack. Now Mr. Champion had to win in dummy or let Mr. Meek run his good spades. He played dummy's ace, shaking his head sadly.

He couldn't duck a second club lead toward Mr. Abel because he had only one club left in his hand.

After giving the situation a lot of thought, he decided dummy's nine of clubs might be the answer to his problem. He cashed the king of clubs just in case Mr. Meek had false-carded with an original holding of jack-ten doubleton.

### ABEL GETS LEAD

Then he cashed the ace and king of diamonds. He followed with the ace and king of hearts. A third round of hearts put Mr. Abel in the lead.

After winning two hearts for his side's third and fourth tricks, Mr. Abel was left with the ten and eight of clubs. And waiting with open arms in dummy were the queen and nine.

## LOOKING... ...AT LIFE

By Erich Brandeis

One of the girls involved in the "Mickey" Jelke scandals, when interviewed by reporters flashed a one-way ticket to St. Louis on them.

"This is where I am going," she said. "I am leaving right away and I hope I'll never come back to this lousy town which did me so much harm."

And, to show her good faith, she also showed the newsmen all her packed trunks and suitcases which proved that she meant what she said.

Whether this lady will have any more luck, or any more success in St. Louis, remains to be seen. She will have just the same as in New York, perhaps not as many, but just as what she calls a "lousy town."

What the young "lady" doesn't seem to realize is that it is not the town that's bad, it's those human beings who live in it and use it to bleed the suckers and the rubes, both the natives as well as those from the provinces.

The same town that has made millions out of others. Or rather I should not have said that it is the "town" that made tramps out of them. Only the big town gives ready-made tramps a better opportunity than a smaller town would.

The trouble with New York is that every crook in the country considers it a fertile field for his or her tricks. A city which houses hundreds of thousands of tourists every day, which has opportunities beyond the newcomer's wildest dreams, which is open all day and all night, is also an open sesame for all the criminals and tricksters in the country.

In all my travels through this and other countries I have never seen a city that tries to be more decent, more clean, more fit for human habitation than New York.

A city in which millions have to live like animals in cages is bound to have its quota of bad people. The mere fact that people like "Mickey" Jelke have been exposed, and his aides-de-camp driven out into the open, speaks well for New York. There are many other cities in this country where prostitution, gambling and other forms of vice thrive with no attempt on the part of the authorities to stop them.

I am about New York a little bit like the wife who was being beaten up by her husband. When a stranger interfered, she turned around and knocked the blades out of him, for butting in on HER private business. We folks who have made our living in New York for many years just don't like it if outsiders come and call our town "lousy." We may call it a "lousy" town, but we don't want a St. Louis lady-of-the-evening to call it that.

You may have read that item from Montgomery, Ala., where a man was arrested and charged with slugging a lady during a night club brawl.

"I thought it was my wife," the man explained. I don't know what happened to him. The dispatch didn't say. But I wonder whether the judge considered it a legitimate mistake and let the man go.

We had dinner at the beautiful country home of a delightful elderly couple last night. These two have about everything they want—a lovely garden, a maid whose cooking is out of this world, an expensive car and plenty of money. I asked the hostess what, if she could have one wish, she would ask for.

"An apartment on Park Avenue in New York City," she said, "where life would be right at my feet."

Can't be such a "lousy town," can it?

## FISHIN' FUN

The spinning bug will bite you, if you don't watch out. The latest addict to the spinning reel is Frank Pierce. Frank has long been interested in fishing, and has tried his hand at all the various methods of fooling our finny friends, but it was only last week that he became convinced that the best method was spinning tackle. We are awaiting, with great interest, the opening of the bass season to see the results of Frank's efforts.

## The Evil Eye

For many years the influence of the "evil eye" was believed to cause blight or injury. As protection against this perilous influence, amulets or charms were worn. Experience has revealed that neither of these assumptions is correct.

Adherence to the rules of personal hygiene (cleanliness, adequate diet, and rest) and regular medical examinations are the best ways to add years to the normal span of life. The physician and pharmacist have always been leaders in the field of preventive medicine. Only your physician is qualified to diagnose and treat disease. The filling of prescriptions is our responsibility as pharmacists.

## WORLD OF RELIGION

By W. W. Reid

A former Methodist educational missionary, Miss Isabella Thornburn, of Macon, Ga., is en route to India where she will become executive secretary of the United States Educational Foundation there. The United States Educational Foundation in India handles Fulbright awards, and government grants to lecturers and research scholars. Indian officials of the Foundation asked Dr. Thornburn to apply for the position, and she will be employed by them. Dr. Thornburn, who has been professor of psychology at Wesleyan College, Macon, Ga., for thirteen years, taught in Lucknow, India, at Isabella Thornburn College, the institution founded by and named for her famous pioneer missionary relative, from 1927 to 1940. Dr. Thornburn is a grand-niece of the founder. She was also while a missionary a member of the academic council of Lucknow University with which Isabella Thornburn College is affiliated. Her grandfather was a famous missionary bishop, James M. Thornburn of India.

An interfaith campaign is now underway in the United States to raise funds for Westminster Abbey, to repair damages inflicted by enemy bombs and the deterioration of over 900 years. "The American Fund for Westminster Abbey" will seek \$280,000 ten per cent of the total need for rehabilitation and establishment of endowments for future upkeep. More than eighty per cent of the total goal are already been subscribed in Great Britain and the Commonwealth countries. Honorary chairman of the fund is Winthrop W. Aldrich, U. S. Ambassador to the Court of St. James', with his predecessors, John W. Davis and Lewis W. Douglas, honorary vice-chairmen.

Miss Elizabeth M. Lee, in charge of the refugee resettlement program of the Methodist Committee for Overseas Relief, New York City, is in Rotterdam, Holland, on the first leg of a two-month first-hand study of the refugee situation in Europe. She will visit the refugee camps in Holland, Belgium, Germany, Austria, Trieste, France and Italy. She will also spend some time in conferences in Geneva, Switzerland, with leaders of the World Council of Churches and other agencies working for the resettlement of Europe's refugee millions. For the Methodist Church in the United States, through the Methodist Committee for Overseas Relief, Miss Lee is in charge of the securing

of American Methodist "sponsorship" for 5,000 of the 214,000 refugees to be admitted to the U. S. A. under the 1953 Refugee Relief Act of the U. S.

The McCarran-Walter Immigration and Nationality Act of 1952 "gives offense to large segments of the free peoples of the world and adversely affects American foreign policy," says Dr. Walter W. Van Kirk, of the National Council of Churches' department of international justice and goodwill. Dr. Van Kirk believes the restrictive quota provisions of the law were "legislative madness." Although the U. S. moves forward in making a small number of Asiatics eligible for citizenship, he says, Congress took a backward step in setting up an "iron curtain" with only token immigration quotas for the Asia-Pacific triangle, an area in which lives half the population of the world. This act, Dr. Van Kirk says, "creates in the mind of Asia the impression that United States regards them as inferior people. The fact is apparent to the people of Asia and to the communists whose propagandists tell them they are being discriminated against and insulted by the people of the United States. (We) desperately need their friendship and goodwill and it cannot be bought with American dollars nor rendered certain by American oratory. . . Eligibility (for immigration) should be related to personal character, individual worth, and commitment to the ideas of freedom and democracy cherished by the American people."

The 93-year-old Methodist Publishing House of India—now known as the Lucknow Publishing House—had a gala ceremony recently when its modern publishing and sales plant was dedicated and opened in Lucknow city. The dedication ceremony was conducted by Bishop Clement D. Rockey, and Dr. E. M. Moffatt, of Brooklyn, N. Y., who supervised the erection of the new building and now retires as the publishing agent, and the Rev. William W. Bell, of Iatah, Washington, the newly-named agent, participated. The House publishes in English, Hindi, and Urdu. The new building has much new and modern equipment. The building has a large bookstore, and plans call for the early establishment of a reading room, a rental library, and an audiovisual aid department. It is hoped to make it a Christian cultural center.

COLUMBIA CITY, Ind., June 12.—(UP)—Stanley Himes, 11, Columbia City, drowned Friday while swimming in a private lake on the Cotton Gall farm north of his home.

Authorities said the body was recovered. Himes was the third

of American Methodist "sponsorship" for 5,000 of the 214,000 refugees to be admitted to the U. S. A. under the 1953 Refugee Relief Act of the U. S.

NORTH MANCHESTER, Ind., (UP)—An oil storage tank along Ind. 144 exploded Friday, seriously burning an oil truck driver, Richard Wright, 54, Chicago.

Almost ONE MILLION juvenile delinquents last year! Increase expected this year!

These are not dull statistics. They are flesh and blood figures. They are the tragedy of America written not with paper and pen, but with the wreckage of young lives.

"But why?" you ask. "What is the cause?"

Judges and social workers, almost with one voice, lay the blame on home influences and lack of religious training.

It's up to you, then, Mother and Dad, to help YOUR child. Give him a home filled with love and understanding rather than indifference—a home that leads him into service rather than crime.

Bring YOUR child to Sunday School and Church. Help him become a happy, useful personality, instead of a sad statistic.

Statistics aren't dull  
when they're human

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
